

MANTALYS

From biomedical images to actionable intelligence

Accelerating Innovation with Actionable Insights

At Mantaly's, we uncover hidden patterns within biomedical imaging data through advanced analysis approaches that generate precise, actionable quantitative insights.

Software Suite

MantaPlex and beyond

Intuitive software packages for deeper imaging insights.

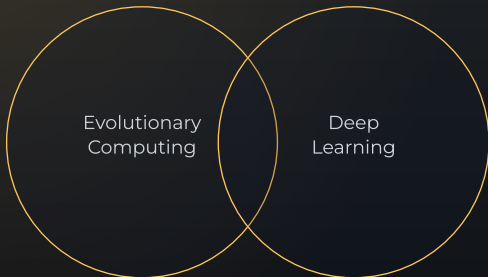

Services

Custom image analysis

Custom algorithm design tailored to your research needs.

Innovation powered by Hybrid AI

HYBRID AI

- ✓ Light and fast algorithms
- ✓ High-performance AI pipelines
- ✓ Few computing resources
- ✓ Few training images required
